To Whom It may Concern:

I would like to express my recommendation of David Jaye, whom I have known and worked with for the past year at Mokwon University in Yuseong, Taejon, Korea.

Dave has worked very successfully as an English Professor for our Humanities College, Department of English Education and English Literature, at Mokwon University.

He has been helpful to students in guiding them through the rigors of ESL and has acted in a most professional manner throughout. I sincerely believe he would be a credit to any employer who can utilize his abundant skills. I recommend him in the highest consideration of his abilities and believe he will be successful with any employer.

If you have any questions regarding this letter of recommendation...

Please respond to drjonw@hotmail.com

Thank you!

Jon Wilson, Ph.D, English Professor, Mokwon University
